AURORASTAY HOTELS

Guest Conduct, Accessibility, Safety, and Resolution Guidelines

Safe stays, service animals, accessible service, complaint handling, and escalation

Policy code	AS-04
Effective date	January 1, 2026
Review date	January 1, 2027, or sooner if law, systems, or operating conditions change
Owner	Guest Experience and Property Operations
Applies to	AuroraStay managed and franchised properties in the United States, unless a signed contract or local rule requires a different result

How to use this policy
Use the property code, reservation record, and rate rules before giving a guest a final answer. If a property-specific rule is not stated here, contact the property team and record the exception in the reservation notes.

Document map

Navigation	Focus	Primary use
Opening	Scope and quick reference	Answer common guest questions and identify the controlling rule
Core rule	Detailed policy	Apply the standard rule and its exceptions
Lookup	Tables and property matrix	Compare rate, property, charge, or service requirements
Workflow	Workflow and escalation	Resolve edge cases, document decisions, and escalate when needed

Operating note: This is a business policy for guest service teams. It is not a substitute for a property license, emergency procedure, signed group agreement, or advice from qualified counsel. Local and state requirements can be more protective than this baseline.

1. Purpose and guest standard

AuroraStay wants a safe, clean, and welcoming stay for guests, visitors, and staff. These guidelines apply in guest rooms, public areas, parking areas, meeting spaces, and property-operated transportation. They supplement the reservation terms, posted notices, emergency instructions, and applicable law.

Staff should address conduct concerns early, use neutral language, and apply rules consistently. A staff member should not confront a guest alone when there is a safety risk. Contact the manager on duty or emergency services according to the severity of the situation.

Immediate safety rule
Call 911 for an immediate threat to life, serious injury, fire, active violence, or suspected crime in progress. Notify the manager on duty when safe. Do not delay emergency care to complete a complaint record.

2. Core conduct rules

Topic	Guideline	Response if not followed
Quiet hours	Quiet hours are 10:00 PM to 7:00 AM local property time. Guests must keep noise at a level that does not unreasonably disturb others at all times.	Contact the room when safe, document the complaint, and escalate repeat or serious disturbances.
Smoking and vaping	Smoking and vaping are prohibited in guest rooms and indoor public areas unless a property specifically designates a lawful smoking area.	Ask the guest to stop. Document evidence and apply an approved remediation charge only when supported.
Threats and violence	Threats, assault, weapons used unlawfully, and intimidation are not permitted.	Move to safety, call 911 when appropriate, notify the manager, and preserve relevant evidence.
Illegal activity	Illegal activity, trafficking, drug distribution, and exploitation are not permitted on property.	Do not investigate personally. Follow the safety and law enforcement escalation process.
Visitors and parties	Visitors must follow posted occupancy, registration, age, and event rules. Parties or events that create a disturbance or exceed capacity are not permitted.	Ask the host to correct the issue and involve the manager if the problem continues.

3. Accessibility and service animals

AuroraStay follows the Americans with Disabilities Act Title III requirements for places of lodging and provides reasonable modifications and accessible features as required by applicable law. Staff should focus on the requested feature or task, not on the guest's diagnosis or private medical information.

Question or issue	Required handling
A guest requests an accessible feature	Ask what feature is needed, check the room and property profile, record the request, and confirm what can be provided. Escalate if the request cannot be met.
A service animal is not obvious	Ask only whether the animal is required because of a disability and what work or task it has been trained to perform.
A service animal is out of control or not housebroken	Ask the handler to correct the issue. If it is not corrected, involve the manager. Do not charge a pet fee or make a breed-based decision.
A guest asks about an emotional support animal	An animal that does not meet the ADA service animal definition follows the property's pet policy unless another law or approved accommodation applies.
A guest reports discrimination	Listen, do not argue, document the facts, involve the manager, and offer the formal complaint channel. Escalate urgent safety or access concerns immediately.

Staff must not demand a service animal certificate, vest, or medical record as a condition of entry. Service animals are not subject to a pet fee. A direct threat assessment must be based on objective evidence and an individualized assessment, not on stereotypes.

4. Safety, privacy, and lost property

Guests should use the room safe when available and keep keys, mobile credentials, and personal information secure. Staff verify identity before issuing a replacement key, providing room information, or releasing stored luggage. Staff must not announce a guest's room number aloud in public.

Lost property is logged, secured, and returned through the approved process. Staff should not open, browse, or share personal content from a found device except as needed to identify the owner through an approved procedure. Suspected weapons, drugs, exploitation, or immediate danger are handled through safety escalation, not informal investigation.

5. Complaint resolution

Stage	Staff action	Target
Listen and stabilize	Move to a safe and private setting where possible. Confirm the immediate need and acknowledge the concern without assigning blame.	Immediately
Clarify facts	Ask what happened, when, where, who was involved, and what outcome the guest needs. Avoid leading questions.	During first contact
Check policy and records	Review reservation, property profile, posted rule, folio, or incident record. Protect sensitive data.	Same shift
Offer a remedy	Give the remedy the staff member can approve, or explain the manager review and follow-up time.	Same shift when possible
Escalate and close	Escalate safety, access, discrimination, privacy, media, legal, or unresolved compensation issues. Confirm the next step to the guest.	Within one business day unless urgent

Neutral documentation
Record observable facts, the guest's stated concern, the policy checked, the action taken, the approver, and the follow-up owner. Avoid labels such as difficult, intoxicated, or suspicious unless the specific observable behavior is recorded and the label is necessary for safety.

6. Escalation matrix

Concern	Primary owner	Escalate when
Immediate danger or injury	Emergency services and manager on duty	Threat, fire, serious injury, active violence, or crime in progress.
Accessibility or service animal	Manager on duty and Guest Experience	Feature unavailable, access blocked, animal dispute, or discrimination allegation.
Privacy or data incident	Manager and Privacy or Security lead	Wrong disclosure, lost device with guest data, suspected account access, or payment data exposure.
Charge dispute	Manager and Finance	Unauthorized charge claim, high-value damage dispute, duplicate charge, or channel conflict.
Media or legal request	Corporate Communications or Legal	Subpoena, regulator contact, reporter request, threatened claim, or preservation request.

7. Property-specific reminders

The property matrix below connects conduct and guest service questions to common property differences. It is not a substitute for current notices or the live property profile.

Property	Check-in / out	Parking	Pets	Breakfast
ASH-ATL Midtown, Atlanta GA	3:00 PM / 11:00 AM	Self parking, $28 per night	$75 per stay; 2 pets max	$19 adult, $10 child
ASH-BOS Harbor, Boston MA	4:00 PM / 11:00 AM	Valet only, $65 per night	No pets except service animals	Included with room
ASH-CHI Loop, Chicago IL	3:00 PM / 12:00 PM	Self parking, $42 per night	$50 per night, $150 stay cap	$22 per person
ASH-DEN Union, Denver CO	4:00 PM / 11:00 AM	Garage, $35 per night	$75 per stay; 2 pets max	$18 per person
ASH-MIA Brickell, Miami FL	4:00 PM / 11:00 AM	Valet, $55 per night	$100 per stay; 2 pets max	$24 per person
ASH-SEA Pike, Seattle WA	3:00 PM / 12:00 PM	No on-site parking; partner garage, $38 per night	$75 per stay; 2 pets max	Included with room

Quiet hours, smoking rules, service animal procedures, and complaint handling are group-wide baselines. Parking, breakfast, pet fees, room access, and amenity availability are property-specific unless the guest's confirmation states otherwise.

8. Review notes

This policy should be reviewed at least annually and after a material incident, regulatory change, property acquisition, or change to payment, access, surveillance, or guest messaging systems. Regulatory references to confirm include ADA Title III, applicable state and local lodging rules, privacy and breach notification requirements, OSHA workplace safety requirements, and PCI DSS controls for payment data.

Nothing in this guide authorizes staff to search a guest, confiscate property, promise confidentiality beyond company policy, or take action that conflicts with local law or an emergency responder's direction.
