AURORASTAY HOTELS

Room and Property Information Guide

Room types, arrival and departure, amenities, parking, breakfast, pets, and accessibility

Policy code	AS-02
Effective date	January 1, 2026
Review date	January 1, 2027, or sooner if law, systems, or operating conditions change
Owner	Guest Experience and Property Operations
Applies to	AuroraStay managed and franchised properties in the United States, unless a signed contract or local rule requires a different result

How to use this policy
Use the property code, reservation record, and rate rules before giving a guest a final answer. If a property-specific rule is not stated here, contact the property team and record the exception in the reservation notes.

Document map

Navigation	Focus	Primary use
Opening	Scope and quick reference	Answer common guest questions and identify the controlling rule
Core rule	Detailed policy	Apply the standard rule and its exceptions
Lookup	Tables and property matrix	Compare rate, property, charge, or service requirements
Workflow	Workflow and escalation	Resolve edge cases, document decisions, and escalate when needed

Operating note: This is a business policy for guest service teams. It is not a substitute for a property license, emergency procedure, signed group agreement, or advice from qualified counsel. Local and state requirements can be more protective than this baseline.

1. Room types and occupancy

Room names describe the bed configuration and major features shown on the property page. They do not guarantee a specific floor, view, connecting room, or accessible feature unless the reservation confirmation or a documented request states it. The property may assign an equivalent room when the reserved room type is unavailable, subject to manager review.

Room type	Typical configuration	Typical occupancy	Important note
King	One king bed	Up to 2 adults, or 2 adults and 1 child where local limits allow	Rollaway availability and fees vary by property.
Double Queen	Two queen beds	Up to 4 guests, subject to fire code and property limits	Do not promise a crib, rollaway, or connecting room without confirmation.
Accessible King	King bed with selected accessible features	Up to 2 adults, subject to property limits	Ask which features are needed. An accessible room is not a medical accommodation package.
Suite	Bedroom plus living area; configuration varies	Varies by property and suite type	Confirm bed count, sofa bed, kitchen, and maximum occupancy in the live profile.

Occupancy limits follow the property profile, local fire and building requirements, and the room's posted capacity. Staff must not suggest that a guest exceed the stated capacity. When a guest's group size changes, recheck the room and rate before confirming.

2. Arrival, departure, and access

Item	Baseline	Operational handling
Standard check-in	3:00 PM or 4:00 PM local property time, depending on property	Use the property matrix or live profile. A room may not be ready before the stated time.
Standard check-out	11:00 AM or 12:00 PM local property time, depending on property	Confirm the property time and any approved late checkout fee before promising an extension.
Early arrival	Subject to availability; not guaranteed unless a paid early check-in product or prior approval applies	Offer luggage storage or common areas when available. Do not promise a clean room before the standard time.
Late departure	Subject to availability and may incur a fee	Manager or front desk records approval and the agreed time. A departure after the approved time may create a full-night charge.
After-hours arrival	Allowed when the reservation is guaranteed and the property has a staffed or approved access process	Note the estimated arrival and follow the property's key or desk procedure.

3. Guest amenities and services

Amenity hours and availability can change for maintenance, staffing, weather, or safety. The live property profile and posted notices control. Staff should answer with the current hours and location when available, not with a group-wide assumption.

Service	Group baseline	What may vary by property
Breakfast	A property may offer included breakfast, a paid buffet, a paid menu, or no breakfast service.	Hours, adult and child pricing, included rate plans, allergy handling, and holiday service.
Wi-Fi	Basic guest Wi-Fi is normally provided at no separate charge.	Network name, premium speed, device limit, captive portal, and outage handling.
Fitness and pool	Available only where listed in the property profile.	Hours, age rules, reservations, closures, lifeguard status, and temporary restrictions.
Luggage storage	May be offered by the front desk or bell team when secure capacity exists.	Hours, claim ticket process, fees, and whether storage is available before check-in or after checkout.
Cribs and rollaways	Subject to availability, room configuration, and fire code.	Fee, age suitability, request deadline, and whether the item can be placed in the room type.

4. Parking, pets, and service animals

Parking is not guaranteed unless the reservation or property profile says it is reserved. Staff must quote the current parking type and charge, explain whether in-and-out access is allowed, and tell the guest how to validate or pay. Parking charges are separate from the room rate unless the confirmation says they are included.

Pet rules are property-specific. A pet fee, weight limit, number limit, room restriction, and vaccination or control requirement may apply. Service animals are not pets under the ADA and are not subject to a pet fee. Staff may ask only the two ADA-permitted questions when the disability-related need is not obvious: whether the animal is required because of a disability and what work or task it has been trained to perform.

An emotional support, comfort, or therapy animal that does not meet the ADA service animal definition is handled under the property's pet rule unless another law or approved accommodation applies. Do not request a certificate, vest, or medical record as a condition of recognizing a service animal.

5. Property-specific matrix

Use this matrix for training examples only. Verify the property profile before quoting a guest. Amounts are in US dollars and exclude tax unless noted.

Property	Check-in / out	Parking	Pets	Breakfast
ASH-ATL Midtown, Atlanta GA	3:00 PM / 11:00 AM	Self parking, $28 per night	$75 per stay; 2 pets max	$19 adult, $10 child
ASH-BOS Harbor, Boston MA	4:00 PM / 11:00 AM	Valet only, $65 per night	No pets except service animals	Included with room
ASH-CHI Loop, Chicago IL	3:00 PM / 12:00 PM	Self parking, $42 per night	$50 per night, $150 stay cap	$22 per person
ASH-DEN Union, Denver CO	4:00 PM / 11:00 AM	Garage, $35 per night	$75 per stay; 2 pets max	$18 per person
ASH-MIA Brickell, Miami FL	4:00 PM / 11:00 AM	Valet, $55 per night	$100 per stay; 2 pets max	$24 per person
ASH-SEA Pike, Seattle WA	3:00 PM / 12:00 PM	No on-site parking; partner garage, $38 per night	$75 per stay; 2 pets max	Included with room

If the guest asks	Answering rule
Can I bring my dog?	Check the property's pet row and room restrictions. If the animal is a service animal, follow the ADA process and do not charge a pet fee.
Is breakfast free?	Check the property, rate plan, and age-based pricing. Included breakfast is not a group-wide guarantee.
Can I park overnight?	Check the property's parking type and nightly fee. Tell the guest whether spaces are guaranteed, first come first served, valet, or off-site.
Can I check in at noon?	The request is subject to room readiness and property approval. Offer luggage storage if available and quote any approved fee.

6. Accessibility and guest requests

AuroraStay provides reasonable modifications and accessible features as required by applicable law. A guest may request an accessible route, mobility feature, visual or audible alert, communication support, or another accommodation. Staff should ask what feature is needed, record the request in the approved system, and confirm what the property can provide.

Do not treat a request for an accessible room as an optional preference when the guest is asking for an accessibility feature. Do not disclose the guest's disability details to staff who do not need them. If the request cannot be met as stated, involve the manager on duty and offer a specific alternative without making a promise the property cannot deliver.

Service animals may accompany a guest in areas open to guests, subject to the ADA rules for control, housebreaking, and direct threat. A property may remove an animal that is out of control or not housebroken when the issue is not corrected, but staff must not charge a pet fee or make a decision based only on breed or appearance.

Escalate immediately
Escalate a request when a guest reports a blocked accessible route, an inaccessible room feature, a service animal dispute, a safety risk, or a potential discrimination complaint. Record the request and the response in neutral factual language.
